

# American Perfumer and Cosmetics

Index of Volume 81

January-December, 1966

Published by Allured Publishing Company  
1031 South Boulevard, Oak Park, Illinois 60302, U.S.A.

## A

- A small company's export problems—W. F. Luckenbach, November, p. 35.  
Abstracts of papers given at the semi-annual meeting, Society of Cosmetic Chemists—June, p. 90.  
Abstracts of papers given before the Scientific Section, The Toilet Goods Association—June, p. 98.  
Abstracts of papers given during the Twelfth Annual Seminar, Society of Cosmetic Chemists—November, p. 56.  
Acne. (A) Newer approach in the treatment of—Irwin I. Lubowe, October, p. 103.  
(The) Action of light on coloring matters—K. McLaren, November, p. 43.  
Aerosol foams, New developments in—Paul A. Sanders, February, p. 31.  
Aerosol hair sprays and personal deodorants—Paul Lenthen, December, p. 53.  
Aldehyde content of Valencia orange oil as related to total rainfall—J. W. Kesterson and R. Hendrickson, February, p. 39.  
Aluminum tubes, Hot-transfer rotogravure decoration of—O. I. Bruun, July, p. 31.  
Anticholinergic drugs as antiperspirants—Rachel C. Heald, October, p. 95.  
Antipruritic bath oils—Jerome Schimmel, October, p. 73.  
Application of steroids in cosmetics and dermatology—M. Martin-Smith, February, p. 51.

## B

- Birch, Cosmetic and medicinal properties of the—Gustav A. Nowak, November, p. 37.  
Brittle nails—Paul G. I. Lauffer, October, p. 71.

## C

- Chemical preservation of polypeptide-containing substances, Experimental studies on—G. Schuster et al., June, p. 39.  
Coloring matters, (The) Action of light on—K. McLaren, November, p. 43.  
Coloring of soap—E. Simms, August, p. 33.  
Comparison of instrumental and animal olfaction—R. W. Moncrieff, November, p. 29.  
Cosmetic and medicinal properties of the birch—Gustav A. Nowak, November, p. 37.  
Cosmetically useful antimicrobials, Evaluation of—A. Asano and R. E. Faust, October, p. 55.  
Cosmetics for use under tropical conditions (Indonesia)—T. H. Tio, M. D., Ph. D., April, p. 45.  
Cosmetics of the future—M. G. de Navarre, January, p. 25.

- (The) Current use of sulfur in topical preparations—Virginia Winter and G. J. Sperandio, October, p. 77.

## D

- Dandruff, updated—Herbert J. Spoor, October, p. 81.  
Deodorants, Microbiological comparison of—E. W. Ettlin, October, p. 99.  
Drugs and cosmetics, a study in semantics—Vincent A. Kleinfeld, October, p. 91.

## E

- Effects of various fertilizers on composition of *Mentha arvensis* plants—Rajendra Bahadur and G. N. Gupta, September, p. 45.  
Emulsions, Particle size of pharmaceutical—M. J. Groves et al., May, p. 43.  
Emulsion systems, Further studies on—William C. Griffin et al., September, p. 31.  
(An) Essential oil house perfumer's thoughts in the development of a new creation—James Puglis, June, p. 68.  
Essential oils of Guatemala, their growth and continued development—Franz J. Ippisch, January, p. 33.  
Evaluation of cosmetically useful antimicrobials—A. Asano and R. E. Faust, October, p. 55.  
Evaluation of preservative systems in proprietary products, Methods for—A. Marinaro, July, p. 29.  
Evaporation rates for solvents and aromatic solvents, Nomographs for—D. S. Davis, March, p. 32.  
Experimental studies on chemical preservation of polypeptide-containing substances—G. Schuster et al., June p. 39.  
Export problems, (A) Small company's—W. F. Luckenbach, November, p. 35.

## F

- Fertilizers on composition of *Mentha arvensis* plants, Effect of various—Rajendra Bahadur and G. N. Gupta, September, p. 45.  
Fiber reactive dyestuffs with hair keratin, (The) Reaction mechanism of—Albert Shansky, November, p. 23.  
Filtration topics—J. G. Banks, March, p. 41.  
(A) Finished goods house perfumer's thoughts in the development of a new creation—Edwin D. Morgan, Jr., June, p. 71.  
Formation of ion exchange adsorbates in topical products—John B. Ward and Glen J. Sperandio, July, p. 23.  
Formulation of hair shampoos—Tom Rees, April, p. 37.  
Functions of fumed silica in cosmetic-drug products—R. Laughner, October, p. 51.  
Further studies on emulsion systems—William C. Griffin et al., September, p. 31.

## F

- Fertilizers on composition of *Mentha arvensis* plants, Effect of various—Rajendra Bahadur and G. N. Gupta, September, p. 45.  
Fiber reactive dyestuffs with hair keratin, (The) Reaction mechanism of—Albert Shansky, November, p. 23.  
Filtration topics—J. G. Banks, March, p. 41.  
(A) Finished goods house perfumer's thoughts in the development of a new creation—Edwin D. Morgan, Jr., June, p. 71.  
Formation of ion exchange adsorbates in topical products—John B. Ward and Glen J. Sperandio, July, p. 23.  
Formulation of hair shampoos—Tom Rees, April, p. 37.  
Functions of fumed silica in cosmetic-drug products—R. Laughner, October, p. 51.  
Further studies on emulsion systems—William C. Griffin et al., September, p. 31.

## G

- Greek cosmetics—Tassia Zamidou, January, p. 29.  
Guatemala, their growth and continued development, Essential oils of—Franz J. Ippisch, January, p. 33.

## H

- Hair keratin, (The) Reaction mechanism of fiber reactive dyestuffs with—Albert Shansky, November, p. 23.  
Hot-transfer rotogravure decoration of aluminum tubes—O. J. Bruun, July, p. 31.  
How a European export group was organized—Dr. Henry Catleen, March, p. 45.

## I

- Influence of lanolin derivatives on dispersed systems. I. (The) Dispersion of pigments in nonaqueous liquids—Lester I. Conrad et al., March, p. 47.  
Infrared spectra of the terpineols, II—Bernard M. Mitzner and Seymour Lemberg, March, p. 25.  
Infrared spectra of the terpineols, III—Bernard M. Mitzner et al., May, p. 35.  
Infrared spectroscopy and its application in the cosmetic industry, Principles and use of—Dr. Thomas R. Watson, December, p. 39.  
Insensible perspiration of human skin, Variation of the—D. Spruit, August, p. 25.  
Investigation of the emulsifying properties of sodium  $\beta$ -Boswellate—Dr. H. A. M. El-Shibini and M. M. Motawi, May, p. 47.  
Ion exchange adsorbates in topical products, Formulation of—John B. Ward and Glen J. Sperandio, July, p. 23.  
Ionic character of hair, Studies concerning modification of—K. Laden and P. Finkelstein, September, p. 39.  
Isethionates in cosmetics, Use of taurides, sarcosides and—Dr. Marie-Louise Seidenfaden, August, p. 29.

## L

- Lactose in the manufacture of sachet tablets, Use of—Richard F. Bishop, May, p. 31.  
Lanolin derivatives and cosmetic-drugs—E. Allen Newcomb, October, p. 53.  
Lanolin derivatives on dispersed systems, Influence of. I. (The) Dispersion of pigments in nonaqueous liquids—Lester I. Conrad et al., March, p. 47.  
(The) LD<sub>50</sub> of cosmetic products—Johanna Poprzan and M. G. de Navarre, August, p. 23.

## M

- Malucidin, its cosmetic effect and mechanism of action—Henry Goldschmidt, Ph. D., January, p. 23.  
Mentha arvensis plants, Effect of various fertilizers on composition of—Rajendra Bahadur and G. N. Gupta, September, p. 45.  
Methods for evaluation of preservative systems in proprietary products—A. Marinaro, July, p. 29.  
Microbiological comparison of deodorants—E. W. Ettlin, October, p. 99.  
Microbiology in cosmetic products, Some aspects of—Keith W. Bell, May, p. 25.  
Modification of ionic character of hair, Studies concerning—K. Laden and P. Finkelstein, September, p. 39.

## N

- Nails, Brittle—Paul G. I. Lauffer, October, p. 71.  
New developments in aerosol foams—Paul A. Sanders, February, p. 31.  
(A) Newer approach in the treatment of acne—Irwin I. Lubowe, October, p. 103.

- Nomograph, Permeability through polyethylene—D. S. Davis, September, p. 54.  
Nomographs for evaporation rates for solvents and aromatic solvents—D. S. Davis, March, p. 32.

## O

- Olfaction, Comparison of instrumental and animal—R. W. Moncrieff, November, p. 29

## P

- Particle size of pharmaceutical emulsions—M. J. Groves et al., May, p. 43.  
Peach flavor, What is important in (?)—James J. Broderick, February, p. 43.  
Percutaneous absorption and the problems associated with sensitivity and cross-sensitivity to drugs—Dr. Adrian M. Johnson, December, p. 35.  
Perfume creations, 75 years of—Marcel Billot, April, p. 51.  
Permeability through polyethylene, Nomograph—D. S. Davis, September, p. 54.  
Personal deodorants, Aerosol hair sprays and—Paul Len-then, December, p. 53.  
(The) Pharmacology of drug-cosmetics—P. F. D'Arcy, October, p. 45.  
Polypeptide-containing substances, Experimental studies on chemical preservation of—G. Schuster et al., June, p. 39.  
Preservative systems in proprietary products, Methods for evaluation of—A. Marinaro, July, p. 29.  
Principles and use of infrared spectroscopy and its application in the cosmetic industry—Dr. Thomas S. Watson, December, p. 39.  
Proceedings of the 12th Annual Symposium of the American Society of Perfumers—June, p. 57.  
Progress in perfumery materials—Paul Z. Bedoukian, Ph. D., April, p. 27.  
Properties of quaternary ammonium salts, their use in cosmetics and hair treatment preparations—Dr. Arno Kluge, March, p. 35

## Q

- Quaternary ammonium salts, their use in cosmetic and hair treatment preparations. Properties of—Dr. Arno Kluge, March, p. 35.

## R

- (The) Reaction mechanism of fiber reactive dyestuffs with hair keratin—Albert Shansky, November, p. 23.  
Relationship between perfumer, customer (consumer and/or finished goods house) and management—Kenneth Walker, June, p. 73.  
Review and projection of perfume materials: A. Synthetics—Everett Kilmer, June, p. 59.  
Review and projection of perfume materials: B. Naturals—Bernard Champon, June, p. 63.  
Role and application of vitamins in cosmetics—E. A. Goldrick, December, p. 43.

## S

- Sachet tablets, Use of lactose in the manufacture of—Richard F. Bishop, May, p. 31.  
Sarcosides and isethionates in cosmetics, Use of taurides—Dr. Marie-Louise Seidenfaden, August, p. 29.  
SCC Annual Scientific meeting, abstracts of papers given and pictures—January, p. 36.  
Sediment volume and caking—Adnan Dakkuri and Dr. Bernard Ecanow, May, p. 33.  
Sensitivity and cross-sensitivity to drugs, Percutaneous absorption and the problems associated with—Dr. Adrian M. Johnson, December, p. 35.

75 years of perfume creations—Marcel Billot, April, p. 51.  
 Skin inflammation, Topical treatments for—Paul Finkelstein and Karl Laden, October, p. 59.  
 Soap, Coloring of—E. Simms, August, p. 33.  
 Sodium  $\beta$ -Boswellate, Investigation of the emulsifying properties of—Dr. H. A. M. El-Shibini and M. M. Motawi, May, p. 47.  
 Some aspects of microbiology in cosmetic products—Keith W. Bell, May, p. 25.  
 Steroids in cosmetics and dermatology, Application of—M. Martin-Smith, February, p. 51.  
 Studies concerning modification of ionic character of hair—K. Laden and P. Finklestein, September, p. 39.  
 Sulfur in topical preparations, (The) Current use of—Virginia Winter and G. J. Sperandio, October, p. 77.

## T

Taurides, sarcosides and isethionates in cosmetics, Use of—Dr. Marie-Louise Seidenfaden, August, p. 29.  
 Terpeneols, II. Infrared spectra of the—Bernard M. Mitzner and Seymour Lemberg, March, p. 25.  
 Terpinenols, III. Infrared spectra of the—Bernard M. Mitzner et al., May, p. 35.  
 TGA Scientific Section meeting, abstracts of papers given and pictures—January, p. 36.  
 Topical anti-inflammatory drugs—Bernard Idson, Ph. D. October, p. 65.  
 Topical preparations, (The) Current use of sulfur in—Virginia Winter and G. J. Sperandio, October, p. 77.  
 Topical treatments for skin inflammation—Paul Finkelstein and Karl Laden, October, p. 59.

Treatment of acne, (A) Newer approach in the—Irwin I. Lubowe, October, p. 103.

## U

Use of lactose in the manufacture of sachet tablets—Richard F. Bishop, May, p. 31.  
 Use of taurides, sarcosides and isethionates in cosmetics—Dr. Marie-Louise Seidenfaden, August, p. 29.  
 (The) Use of witch-hazel in cosmetics—Vladimír Vítěz, February, p. 47.

## V

Valencia orange oil as related to total rainfall, Aldehyde content of—J. W. Kesterson and R. Hendrickson, February, p. 39.  
 Variation of the insensible perspiration of human skin—D. Spruit, August, p. 25.  
 Veegum® as a vehicle for cosmetic drugs—Betty Tarnoff, October, p. 87.  
 Vitamins in cosmetics, Role and application of—E. A. Goldrick, December, p. 43.

## W

Water for cosmetics manufacture—D. K. B. Thistlethwayte, December, p. 29.  
 What is important in peach flavor?—James J. Broderick, February, p. 43.  
 Witch-hazel in cosmetics, (The) Use of—Vladimír Vítěz, February, p. 47.
